Additional Information:

Only those products bearing the Recognized Marking should be considered as being covered by UL's Recognition and Follow-Up Service.

The Recognized Marking generally consists of the manufacturer's identification and catalog number, model number, or other product designation as specified under "Marking" for the particular Recognition as published in the UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark, a "mirrored" UR- , may be used in conjunction with the required Recognized Markings. The Recognized Component Mark is required when specified in the "UL Directory" preceding the recognitions or under "Markings" for the individual recognitions.
