

S&G® Time Lock Keypad

ADD THE SECURITY OF A SOPHISTICATED TIME LOCK TO YOUR NEW OR EXISTING S&G® ELECTRONIC SAFE LOCK

The S&G® Time Lock Keypad brings the security and convenience of a fully programmable, seven-day repeating schedule time lock to users of model 6124, 6125, 6126, 6127, and Z⁰³ Rotarybolt™ safe locks. The Time Lock Keypad can be added to any of these versatile Sargent & Greenleaf® electronic safe locks in a matter of minutes.

Features:

- Secure, encrypted communication between the keypad and lock to prevent bypassing the time lock schedule.
- Clear, easy to read LCD screen to make programming and operation easier. Select from English, Spanish, Portuguese, German, or Italian displays.
- Seven day repeating time lock schedule with two fully programmable opening periods per day.
- Up to twenty special days may be programmed in advance to keep your safe locked during holidays without altering the normal time lock schedule.
- Up to fifteen vacation periods may be programmed to override the normal time lock schedule and keep your safe securely locked while you're away.
- Early Close allows you to instantly time lock your safe and keep it locked until the next regularly schedule open period.
- Automatically adjusts for Daylight Savings Time when you input the beginning and end dates.
- Keypad and lock are powered by two 9-volt alkaline batteries located in the pull-down compartment in the keypad's base for easy access.
- Standard S&G® footprint and mounting screw locations for retrofit in place of other S&G® keypads and dial rings.
